MICHAEL CRISTIANO RELEASES POWERFUL NEW ITALIAN ALBUM

Melbourne, VIC - Michael Cristiano, an Australian-Italian artist, showcases his talents as a singer, songwriter, and producer with the release of his latest project, 'Mai Finirà'. The 12-track album is an all-Italian album featuring fresh, original songs. The highly anticipated release date is set for November 1st, 2024.

In a recent interview with Stefano Ioele in Melbourne's Il Globo Newspaper, Michael delves into his latest musical projects, reflecting on his extensive touring experiences, performing on renowned international stages, and his success in producing chart-topping records.

Cristiano fostered his creativity in a home filled with enchanting melodies of various music genres. As he grew, he discovered the means to channel his vivid imagination, honing his artistic expression from a young age. Cristiano's early career had already shown great promise, with initial paychecks rolling early. His impressive track record includes the release of seven consecutive albums that all reached the number-one spot on the Australian music charts. Additionally, he has collaborated on numerous successful works and appeared alongside Australian and international artists. Cristiano's extensive list of achievements also includes multiple Australian and worldwide tours.

Cristiano grew up in a vibrant and musical household. His father, who hails from the village of Reggio Calabria in Italy, filled their home with unforgettable Italian melodies. As a young boy, Cristiano often joined in by playing his guitar, adding an extra layer of music to the family's rich musical environment.

"My father would often say, 'Michael, grab the guitar!' and the duets started. Then the first concerts, endless studies and my reputation grew, being asked to record, produce and write many songs."

Over the years, Cristiano has lent his exceptional musical talents to many renowned artists and bands touring in Australia. His guitar skills have graced performances by iconic international acts like The Seekers, Helen Shapiro, The Supremes, Johnny Ray, The Coasters, The Platters, The Drifters, Al Martino, and Gene Pitney. Additionally, he has had the honour of sharing the stage with music legends such as Dionne Warwick, Blood, Sweat & Tears, and The Supremes. As a producer, Cristiano's name is associated with a slew of multi-platinum-selling albums from esteemed artists, including The Seekers, Judith Durham, Silverchair, Russell Morris, Mirusia, and Gene Pitney.

Cristiano's future endeavours hold something extraordinary as he embarks on a creative journey back to his Italian heritage. This unique venture stems from a fateful encounter with Raphaela Foxx, a gifted interior designer and motivational speaker passionate about crafting beautiful, soul-stirring lyrics. This collaboration has ignited Cristiano's passion for Italian music again, promising exciting developments including the upcoming release of his album, 'Mai Finirà'.

"I told her about my dream to record an album of original songs in Italian – she showed me her lyrics, and everything then evolved naturally. It was a miraculous encounter."

The first two singles, "Spero Che Ti Vuole" and "Sangue Tricolore," from the latest album have been released and are now available on all streaming platforms. The third track, 'Anima Antica', will be released on September 6, 2024.
